

Committee Solicitation Form for 2007-2008

Please print or type the requested information.

RICA has 5 standing committees in which members may participate. Below is a brief description of each one. Please take a moment to review. You are encouraged to sign up and become active within the Association. Your talents and ideas are always welcomed.

Associate Member Committee - Work to further the role and involvement of associate members in RICA activities.

Interconnection Committee - To collect, analyze, and disseminate information necessary for members to negotiate and implement optimal interconnection agreements, and to develop a forum in which members can share experience and knowledge gained from interaction with other service providers relative to co-locating, interconnecting, unbundling, and ordering services.

Marketing Committee - To collect and share information and provide assistance to members as it relates to the marketing and advertising of competitive services, and assist in the creation and implementation of educational opportunities that assist members in the marketing of their products and services.

Membership Committee - To develop and maintain an active membership marketing program that seeks out and solicits potential members for the association, promotes the purposes and benefits of joining and being actively involved in the association, and maximizes the value of association membership through the development and implementation of member programs and services.

Technology Committee - To assist the membership by providing information and education regarding technical issues; the evaluation of new technology that may meet members' needs; to provide assistance to members in addressing technical concerns of common interest.

Please circle the committee(s) that you are interested in joining and complete the form:

Associate Interconnection Marketing Membership Technology
